

TUESDAY, AUGUST 15, 1893.

SILVER MEETINGS IN CALIFORNIA.

The committee on permanent organization appointed at the silver mass meeting recently held in San Francisco has decided to limit the work of the committee to measures in support of the simple proposition to restore the free coinage of silver of full legal tender at a ratio of 16 to 1. The committee, which represents the city and county of San Francisco and the county of Alameda, earnestly requests the citizens of all other communities in the state of California, who desire to co-operate in the work of securing free coinage at the ratio of 16 to 1, to hold mass meetings on the 24th instant to express the views of the people and communicate with the San Francisco committee with a view to a comprehensive development of the silver sentiment of the State.

A meeting was held last Saturday night at Stockton which was addressed by ex-Congressman Louitt and others. There was a large attendance of citizens and resolutions were adopted favoring the free coinage of silver at the ratio of 16 to 1, and declaring that the United States is large enough and strong enough to coin her own silver dollar and give it the power to discharge a debt of one hundred cents without the consent of England.

The stringency in the money market has aroused California to action on the silver question. The people in all parts of the state are now as much in favor of free coinage as those of Nevada. The sentiment everywhere among silver men is for the present ratio—16 grains of silver to 1 grain of gold. They do not want the silver dollar any larger than it is, and instead of using the mints to recoining the standard dollar with thirty or forty grains added to its weight, they want them to run to their full capacity minting dollars of 412½ grains of standard silver.

RELIEF MEASURES.

Senator Voorhees of Indiana has introduced a bill authorizing national banks to issue notes to the full extent of the bonds deposited. Secretary Carlisle urges its immediate passage, as it will add \$19,000,000 to the circulation.

At present national banks are authorized to issue notes only to the extent of ninety per cent of the par value of the bonds deposited in the treasury as security. As the bonds sell at a premium of twelve or fifteen per cent, there would be no risk in permitting the banks to issue notes to the par value of the bonds, and it would increase the currency, as stated, to the extent of \$19,000,000. That, however, is not enough to relieve the present stringency. Senator Stewart's bill, one restoring silver to its old standard and the other authorizing the issuance of legal tender notes for the bullion now in the treasury in excess of the outstanding notes against it at its legal tender value, and for the issuance of \$100,000,000 legal tender notes to redeem outstanding bonds, come nearer answering the requirements of the country, judging by what the people say, than anything yet introduced in congress.

The Anaconda, Montana, Standard has this to say concerning free coinage leaders in the present great struggle: "From now out let the friends of free coinage accept the leadership of men whose loyalty is attested. Never mind what the political antecedents of these men may be. In the federal senate there are such men as Wolcott, Stewart and Teller, about whom there is no doubt. They have been true every time—let us follow their leadership, and success to the silver cause is sure to result."

The knowledge that no vote can be reached on the silver question in the house of representatives until the 28th instant has caused many members to lose interest in the proceedings for the present. The best speakers for and against free coinage will discuss the question, but it is believed that there will not be a quorum of the members present the greater part of the time.

GOVERNOR WHITE'S figure of speech, "blood to the horses' bridges," can be found in the 20th verse of the 14th chapter of the Book of Revelations. The Salt Lake Mining Journal says it can also be found in the speech of Governor White in the published proceedings of the Chicago convention, and Colorado should be proud of the governor.

The absence of the president from Washington relieves him from the suspicion of using his power to secure the unconditional repeal of the Sherman act. It is possible, nevertheless, that great pressure will be brought to bear by members of the cabinet and others who are close to the president to influence votes.

SENATOR WHITE of California whose attitude on the silver question was doubted, has declared against the unconditional repeal of the Sherman law. He says the silver men will at least be able to prevent silver coinage from being completely abandoned.

The thorough out and out silver men say it is folly to talk of compromise. If the gold bugs are strong enough to defeat free coinage at the ratio of 16 to 1, they will not concede free coinage at a ratio of 20 to 1. They do not want silver used as money at any ratio.

FLASHED FROM THE WIRES.

Telegraphic Intelligence From All Parts of the Country.

THE OPPOSITION FERRY STEAMER.

An Attempt to Run Her Down at Oakland.

SAN FRANCISCO, August 14.—An attempt was made to run down the opposition on ferry steamer between San Francisco and Oakland. Captain Graves of the Rosalie charges that the freight steamer Transit tried to run the Rosalie down this morning while coming out of Oakland creek. The Rosalie escaped by backing and the Transit merely grazed her. There were about 500 passengers on the Rosalie and they were badly frightened. Captain Graves says he has affidavits of over 100 passengers and will lay the matter before the United States inspectors of steam vessels.

The Anti-Silver Men.

WASHINGTON, August 14.—A meeting of the committee appointed last week to arrange on behalf of anti-silver men for a discussion of the silver question in the house has been called for by Representative Rayner, chairman, for tomorrow night at the Arlington Hotel. The purpose of the call is to appoint sub-committees to take charge of the various features of the present contest and to complete the organization of the anti-silver forces in the house. It is expected that the result of the poll of the house upon the pending measures will be ready for announcement. At the present estimates the majority in favor of repeal is from 22 to 40.

More Money in Circulation.

WASHINGTON, August 14.—Controller Eckels thinks the currency situation will be considerably improved this week by money sinking to its normal value. The premium paid for the use of currency is drawing money from hiding places and during the coming week more currency will be issued on bonds deposited by banks than during the same period of time for many years. The currency was increased by this method during July \$5,500,000 and more than this amount has already been issued in August. When to this the twenty millions of gold ordered from abroad are added there is certainly strong ground to hope for relief.

A Senator Cited to Show Cause.

MILWAUKEE, August 14.—Judge Mann has cited Senator John L. Mitchell to appear in court on the first Tuesday in September to show cause why he should not file an inventory to his father's estate and why he should not give further bonds as administrator, and why letters testamentary should not be revoked and a successor appointed as administrator. He was enjoined from disposing of any of the property in the meantime. Mrs. Mitchell, the wife of the senator's father, was the petitioner.

A Nervy Thief.

ST. PAUL, August 14.—A daring thief stole a bag of \$5,000 in gold lying in the window of the receiving teller of the First National bank. The bag had just been sent over from the clearing house when an unknown stepped to the window, seized the bag and escaped before pursuit could be organized.

Government Silver Purchases.

WASHINGTON, August 14.—Offers of silver of 300,000 ounces were made to the treasury to-day. Sixty thousand were purchased at \$0.7324. The purchases this month are 1,556,000 ounces.

A fire in Minneapolis Sunday night burned over a square mile of territory. It destroyed about 150 houses, averaging in value from \$500 to \$3,000 each, forty million feet of lumber worth \$480,000; ten million feet of lath and ten million feet of shingles worth \$40,000; thirteen mills, mostly saw mills and sash and door factories and a number of ice house and similar concerns, bringing the total loss up to about \$1,108,000, with an estimated insurance of \$760,000. An unknown child was burned to death and Thomas Fallon lost his life from heart failure due to excitement. Injured—Taylors, fireman, Captain Fred Krake, a fireman and Bert E. Garrett. Several hundred people are homeless.

Chester Liehaen was shot and killed at Santa Rosa, Cal., yesterday by a boy named Giachoni. Liehaen was twelve years old and the other boy fourteen. Giachoni cannot be found. It is supposed that he is frightened and hiding in the hills.

Advertised Letters.

Following is the list of letters remaining uncalled for in the Reno, Nev., postoffice August 14, 1893:

Brooks, Miss T. McEveray, Mrs J A
Brown, H B Nelson, Rob

Martin, Mrs Lillie Wanderstein, J
Maher, F Yesson, August
Mersel, Sam Ygers, A
H. P. KRAUS, P. M.

Telegraphic Notes.

No new cases of cholera were reported in New York yesterday.

The bank of Springfield, Missouri, suspended yesterday. It is thought it will pay in full.

A three story hotel on Madison street near Fifth Avenue Chicago, caught fire and resulted in the death of five persons. It was a dilapidated building and those caught in it when the fire broke out could not escape.

Vest of Missouri addressed the senate in support of bimetalism and free coinage of gold and silver. He compared the Sherman act to a homeless and houseless dog without a kennel to hide its dishonest head, but declared he would not vote for its repeal without a guarantee that silver shall be used as a money metal.

Several leading Republicans declined to take part in the silver debate in Congress, as they were not permitted to amend the order regulating debate. They declare they do not believe in free coinage, or no coinage of silver, which are the only alternatives in the Bland order. There are a few prominent Republicans like Bowers of California, who favor free coinage and participate in the debate.

Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all skin eruptions, and positively cures Piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson.

As the Lord of Life, "I am doing all in its power to prevent the spread of contagious diseases, you are requested not to place on any certificate 'heart failure' as the cause of death, but the disease of which the patient was suffering prior to the heart failure. This term has never been placed on the list of diseases adopted by this board, it being looked upon as a result of some other illness from which the patient was suffering. Furthermore, it furnishes an opportunity to conceal contagious diseases, and thus permits the ignoring of the rules of this board by the family and undertaker, either innocently or designedly.

"Hereafter a burial permit will not be issued on the certificate of death of heart failure when the disease from which the heart failure occurred."—Philadelphia Times.

For Scrofula

"After suffering for about twenty-five years from scrofulous sores on the legs and arms, trying various medical courses without benefit, I began to use Ayer's Sarsaparilla, and a wonderful cure was the result. Five bottles sufficed to restore me to health."—Bonifacio Lopez, 327 E. Commerce st., San Antonio, Texas.

Catarrh

"My daughter was afflicted for nearly a year with catarrh. The physicians being unable to help her, my pastor recommended Ayer's Sarsaparilla. I followed his advice. Three months of regular treatment with Ayer's Sarsaparilla and Ayer's Pills completely restored my daughter's health."—Mrs. Louise Rielle, Little Canada, Ware, Mass.

Rheumatism

"For several years, I was troubled with inflammatory rheumatism, being so bad at times as to be entirely helpless. For the last two years, whenever I felt the effects of the disease, I began to take Ayer's Sarsaparilla, and have not had a spell for a long time."—E. T. Hansbrough, Elk Run, Va.

For all blood diseases, the best remedy is

AYER'S Sarsaparilla
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; six bottles, \$5. Cures others will cure you.

ADMISSION:
Children. . . Half Price

It will cost you nothing and will surely do you good, if you have a cough, cold, or any trouble with throat, chest or lungs. Dr. King's New Discovery for Consumption, coughs and colds is guaranteed to give relief, or money will be paid back. Sufferers from lagrippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at S. J. Hodgkinson's drug store. Large size 50c. and \$1.00.

Specimen Cases.
S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg and doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at S. J. Hodgkinson's drug store.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physics being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative, effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

BUSINESS LOCALS.

Hot lunch at Korth's every day, 15 cents.
Pure ice cream fountain soda at Plinniger's, Virginia street.

Pure ice cream fountain soda at Plinniger's Virginia street.

Anything in the smokers line can be had at Marcus Frederick's.

Ladies' friend, Mesmin's Female Pills. Sold by McCullough.

Take your prescriptions to McCullough's; no-commission dispensary.

Go to the Palace Bakery for fresh whole-some bread, cakes, pies and candies.

For rough or chapped skin use Mystic Balm, 25 cents Plinniger's, Virginia street.

A fresh assortment of Hoch & Milligan's superior mixed paints at McCullough's.

Plumbing, tinning and pipe work done at the lowest possible prices by Lang & Schmitt.

After shaving or exposure to cold use Mystic Balm, 25 cents. Plinniger's, Virginia St.

Lovers of a good cigar go to the Monarch and get one of Herman Hyman's Cuban Blossoms.

Take your prescriptions to Plinniger's pharmacy, Virginia street. Pure drugs at lowest prices.

A new assortment of picture moulding, artist materials and studies just received by McCullough.

Jack Godfrey serves a first-class meal and fresh oysters in every style at the Palace Restaurant. Meals at all hours.

Stationery, cutlery, notions, also gentlemen's underwear and hats at A. Nelson's on Virginia street. Call and examine before purchasing elsewhere.

The Palace Hotel, which is well and favorably known to every old Nevada, is being conducted as usual by that veteran landlord, Al White, who spares neither pains nor purse to provide for the convenience of guests.

When Baby was sick we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

Bichloride Institute.

The cures performed in Reno by the Western Bichloride Institute are rapidly silencing all opposition to the institute and its method of treating those addicted to the liquor and kindred habits. Nearly every week one or more patients are being turned out cured—new men in body, in appetite, in willpower. Many of them have been life-long drinkers and are well known in this community, and to-day they are again free men with absolutely no desire for liquor in any form. The institute makes no flourish of triumph but goes quietly on in its mission of destroying what is known as the alcohol disease.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

BREVITIES.

Prof. Hoskins is visiting in San Francisco.

Wanted to buy or rent a good English saddle. See ad.

The grand lodge of A. O. U. W. will meet here to-morrow.

Harvest apples, mellow and palatable, are in the market and quite cheap.

Will Craig will open a restaurant in the Shannon building next week.

John W. Mackay is out of danger and will be able to get out in a few days.

W. R. Chamberlain is recovering from his illness and was outdoors yesterday.

Fred Gould of Reno will take charge of the Phoenix creamery in Mason Valley this week.

Fourteen tramps in Nevada, Mo., were set at work road building. They all left town.

Mrs. J. J. Linn has gone to Winnemucca to visit her daughters, Mrs. Trewick and Mrs. Lothrop.

Miss L. F. Sheldon left last night for Santa Rosa, California, to visit her mother and brothers.

Miss Lillie Pearce left for her home at Unionville yesterday. She will return to attend the university.

Senator Charles Kaiser of Churchill county accompanied by his wife and daughter arrived in Reno yesterday.

A sturgeon weighing 500 pounds was caught in a trap at Fairhaven, Wash., on the 1st inst. It measured 10 feet 8 inches in length.

The Sentinel of last Saturday says there is little hope of the recovery of A. D. Rock, who has been seriously ill for the last two months.

A rancher near Hepper, Or., killed a rattlesnake in his bedroom the other day which measured 44 inches in length and 5 inches in circumference.

A party of campers, consisting of J. N. Evans, Lieutenant Neall and their families, Mrs. Mary Emery and several others, will leave to-day for the mountains.

The most quiet and orderly place in town at the present time is the court house. The officers have to visit each other occasionally to keep from getting lonesome.

Frank Norcross left last Sunday evening for Washington to resume his duties in the interior department. He had been visiting relatives and friends for some weeks.

Mrs. D. A. Bender and her son Ralph and Master Herbert Yerington left for California Sunday night. The Tribune says the two boys will be placed in school at Belmont.

Says the Denver News: "Ask the spouter about immediate and unconditional repeal, how he proposes to make money plentiful by drawing half of it out of circulation."

Though there have been only a few light showers of rain in this vicinity for four months, the Truckee keeps up and there is water enough in it yet to irrigate a whole country.

The Appeal says the Bartine fund is increasing steadily, and by next Saturday night the Appeal hopes to be able to announce that the amount necessary, \$2,000, has been raised.

Mr. and Mrs. J. H. Wersley, who have been conducting the Occidental Hotel for some time, will retire from the business to-morrow. A. J. Clarke, the owner of the property, will succeed them.

Dr. A. O. Porter, the dentist, and his wife are at Greenfield, Mason Valley, and delighted the denizens of Elko Switch with vocal music at the M. E. church at that place; so says the Times.

The Virginia Chronicle says Silver City is the liveliest camp in that part of Nevada at the present time. Prospecting in the various claims is being pushed with vigor, and the various mining properties are all being developed.

THE MARRIAGE LAWS.

An Error Corrected—When Minors Can Be Lawfully Married.

EDITOR JOURNAL.—An article under the head "A Fact Not Generally Known" in Sunday morning's JOURNAL is misleading and tends to perpetuate the error it was intended to correct. The statement that female persons under the age of sixteen years are not permitted by the laws of Nevada to marry is true. But you qualify this by the addition of the words "unless the consent of the parents is obtained before license is issued." There is no such exception in the law as it stands on the statute books, and those qualifying words are not found in the section of the law which states who may be joined in marriage.

There is no provision in the statute of this state concerning marriage which will authorize the issuance by the county clerk of a license for the marriage of a female person under the age of sixteen years. If she be of the age of sixteen but under eighteen the clerk cannot issue such license without the consent of parent or guardian and this is where the "parents' consent" comes in—between sixteen and eighteen years of age.

In the case of males the provision for parent's consent is for those between eighteen and twenty-one. The authority to marry given by statute is found in Section 2, act of November 23, 1861. Male persons of the age of eighteen years, and female persons of the age of sixteen years, not nearer of kin than second cousins, and not having a husband or wife living, may be joined in marriage; provided always, that male persons under the age of twenty-one years, and female persons under the age of eighteen years, shall first obtain the consent of their fathers respectively or in case of the death or incapacity of their fathers, then of their mothers or guardians; and provided further, that nothing in this act shall be construed so as to make the issue of any marriage illegitimate if the person or persons shall not be of lawful age.

The duty of the county clerk is to inquire of the person applying for a marriage license—upon oath, if he does not know the parties to be qualified—as to the legality of the contemplated marriage; and if he shall be satisfied that there is no legal impediment, then he shall grant the license.

In the case stated in the article referred to there was a legal impediment in the fact stated by the parties applying, that the girl was fourteen years of age—two years younger than the age at which female persons are allowed to marry. Parents' consent cannot legalize what the law does not sanction—the marriage of persons considered too young for the marriage relation—and a more general knowledge of this fact will save parties wishing to marry children under the age of consent from the disappointment and mortification of being refused a license.

W. L. KNOX.

THE CALIFORNIA AND NEVADA LINE.

The Important Point to be Determined.

A party of scientists and surveyors is now engaged in the vicinity of Lake Tahoe making observations for longitude for use in connection with the survey of the boundary between California and Nevada. The Bulletin says the important point to be determined, upon the result of which is involved many hundreds of acres of land, to go to either California or Nevada, is the precise angle of the imaginary line which now meet in Lake Tahoe. From the boundary of Oregon is the 120th meridian. From Tahoe there is a straight line drawn from the meridian of the Colorado river at The Needles. The determination of the angle formed by these lines is the vexed point at issue which the coast survey men are to decide.

After this the entire boundary of The Needles, along the crest of the Sierra, must be traversed. The task will take two years and perhaps longer. Already considerable work has been done at The Needles by a party under Mr. Sinclair.

The Keeley Institute.

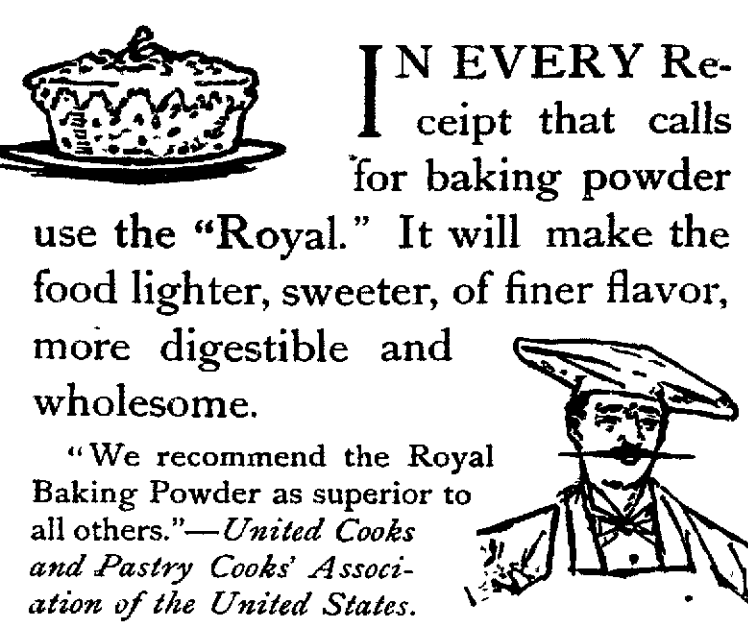

A pamphlet of 44 pages, issued by the Keeley institute at Carson contains much information relating to the treatment and cure of the whisky, opium and tobacco habits. Dr. G. E. Sasse-dorf who conducts the treatment of patients has successfully treated more than one thousand persons, and is a man of large and varied experience in his profession. No patient is accepted for treatment for a less period than three weeks in the liquor disease. In the opium, (or morphine) and cocaine diseases four weeks is the shortest time, and the worst cases of the tobacco habit can be usually cured in two weeks by institute treatment. The time required for the treatment of neurasthenia or nerve exhaustion, depends upon special conditions which cannot be calculated until the patient has been under treatment for several days. In simple cases of neurasthenia and the tobacco habit home treatment is recommended. Medical examination is free and the pamphlet will be furnished upon application.

Ventilation.

Not the politician's sort, but the fresh air you need. Health and comfort often suffer from this kind of ventilation. Never sleep in a poorly ventilated room. You will wake up unrefreshed, out of sorts, and 'bilious. Perhaps you can't improve the ventilation, but you can take Simmons Liver Regulator for that torpid liver, to keep it active against the ill effects of a close atmosphere which causes that languid feeling.

IN EVERY Receipt that calls for baking powder use the "Royal." It will make the food lighter, sweeter, of finer flavor, more digestible and wholesome.

"We recommend the Royal Baking Powder as superior to all others."—United Cooks and Pastry Cooks' Association of the United States.

CONTRACTION.

Its Effect Upon the Business of the Country.

During the spring of 1866 congress passed a law authorizing the secretary of the treasury to sell 5-20 bonds and with the proceeds retire United States currency including greenbacks. When this act was passed the country was in possession of more than \$1,800,000,000 of currency. The year previous to the passage of this act there were but 350 business failures in the United States, or three more than occurred in one week last month. Business in those times was carried on largely on a cash basis, and the country did not seem to have much of any use for the professional bondholder. It is true the bondholders had been getting in their work in a limited way, ever since they succeeded in getting the exception clause inserted on the greenback, but when they succeeded to get congress to enact laws to contract the currency, then wholesale confiscation of property by the bondholders commenced. The currency in circulation at the time of the passage of the confiscation act of 1866, amounted to more than \$50 per capita, and by 1877 the currency had been contracted down to less than \$16 per capita. Now the question naturally arises, "What were the people doing during this period of contraction?" The answer is very simple; they were getting in debt. The bond fund was abroad in the land getting in its work. How well he succeeded, is now recorded in the fact, that the interest bearing debts of the people and corporations in the United States, amounts to several billion dollars more than the assessed valuation of all the property. No wonder that the people and corporations are hard up for ready cash. If they happen to get hold of a dollar the interest gatherer has a mortgage upon it, and it goes into the burglar-proof vault of the bond holder, is withdrawn from circulation, until some needy person or corporation can furnish gilt-edged security for its use, and their interest money in turn becomes another interest earner. Compound interest is what has brought this and every other commercial nation to their present deplorable financial condition, and the contraction of the currency is what has smothered the property of this country with bonds and mortgages. Heretofore it has kept congress very busy making laws to satisfy the European bondholders so we could borrow money to pay our interest. The people at home are now making a demand on congress, to enact laws including the free coinage of silver at the ratio of 16 to 1, for their benefit, even though it might slightly impair our credit with king Rothschild.

August 14, 1893.

Eight Truths.

A paragraph which is going the rounds of the press enumerates eight classes who do a town no good: First, those who go out of town to do their trading; second, those who prefer a quiet town to one of push and business; third, those who own the town; fourth, those who think business can be done slyly without advertising; fifth, those who deride public spirited men; sixth, those who oppose every public enterprise that does not appear to benefit themselves; eighth, those who seek to injure the credit of an individual.

The Oest Mine.

A four-inch vein of ore has been out in the Oest mine at Silver City that assays \$1,000 per ton in gold. About 3,000 pounds taken from the vein is estimated to be worth \$1,400. The mine is worked by five practical miners who receive four dollars per day and twenty per cent. of the net bullion proceeds. If no ore is extracted they receive no pay for their labor. They prospect a year without making expenses, until at last when they cleaned up \$10,000 in gold.

BREVITIES.

Ladies look for Prophylactic compound ad. in another column.

Plumbing, tinning and pipe work neat and cheap at Lange & Schmitt's.

For the debilitating effects of August weather, nothing is as good as Ayer's Sarsaparilla.

"Her hair always looks so perfectly lovely." Why? Because she uses Ayer's Hair Vigor. That's the secret of its lustre.

Garden hose, lawn mowers, ice cream freezers and refrigerators at cost, to close them out with the season, at Lange & Schmitt's.

If you want a good fitting pair of boots or shoes—no scab work from strangers—go to H. F. Pavola, who is reliable and no stranger.

The best way to avoid scalp diseases, hair falling out, and premature baldness is to use the best preventive known for that purpose—Hall's Hair Renewer.

The merry-go-around opposite the Palace hotel will run every evening beginning at 5 o'clock; 5 cents a ride. Everybody tries it. No accidents. aug10tf J. G. SAUTTER, proprietor.

George Graves of the Iron Bridge stable, returned Sunday morning from a week's visit to the Bay city. He says it is as dull there as a summer resort in winter and that Renosites have no right to complain.

Tom Hymers is putting down a twelve foot sidewalk on Sierra street from the Truckee stables to Second street, and will soon have the lot on the corner of Second and Sierra cleared of rubbish left by the late fire.

A maiden lady of seventy-six years has brought a suit for damages in several thousand dollars against the owners of some brick kilns in Epping, N. H., pleading that the smoke is permanently injuring her health.

The San Francisco Bulletin says: An Editor who sends his papers out to "time subscribers" sends a bill each year. When a second bill is sent, and there is no response, he takes it for granted that the subscriber is dead, and publishes an "obituary notice" in his columns.

W. O. H. Martin, who was called to San Francisco a few days ago to see his brother-in-law, Mr. Stadtmuller, who is dangerously ill in that city, returned yesterday morning. He reports Mr. Stadtmuller no better, and grave fears are entertained of his recovery. He is suffering from liver trouble.

F. S. Chadburn, the mining expert, with a party of eastern gentlemen passed through Reno Sunday en route to Hawthorne. At Carson they were joined by H. M. Yerington, D. A. Bender and others. Their mission, it is said, is to examine mining properties in Esmeralda county.

H. E. Perry, salesman for S. O. Wells made a flying trip to Tahoe yesterday over the new road, via Huffakers. He made the trip from Reno to Incline and return in fourteen hours, and remained over an hour at the lake. He says that with the exception of a short snow blockade near the summit the road is in good condition.

J. G. Ford of Elko remained over here yesterday on his way home from San Francisco. He says he has wool, cattle, horses and sheep and all that he can dispose of at present is mutton sheep and they only bring from \$2 25 to \$2 50 per head. He thinks that the sheep business is yet ahead of any other industry in Nevada.

Attention is directed to the new advertisement of R. Herz. His house is one of the best on the coast. He carries the largest stock of diamonds, the best line of watches, and the latest stock of silver ware. A first class engraver is connected with the establishment and the house is noted for the excellence of its workmanship in repairing all kinds of time pieces.

AN ADDRESS TO THE PEOPLE.

The Committee Appointed at the Chicago Silver Convention appeal to the Public.

The executive committee appointed at the Chicago Silver convention has issued an appeal to the people signed by A. J. Warner, Chairman, and Geo. F. Washburn, Secretary.

The appeal says in part that unconditional repeal of the present silver law will at once stop all increase in the currency, place the country on a single gold standard, and at one stroke change all debts to gold debts, with the certainty that gold will thereafter continue to increase in value at an accelerated rate. The address then comments on the present financial disturbance and asks: "Can this country be improved by cutting off the money supply, and still further restricting the volume of currency? It is a time when more money and not less is needed. It is futile to suppose that credit, already over expanded, can be made to take the place of money. There is work, but no money to pay for it."

The appeal then calls upon the people everywhere to lay aside party differences and to assemble "as our fathers did of old" and pass resolutions calling upon their Representatives and Senators in Congress to resist the repeal of the present silver law, unless coupled with a provision restoring free coinage of gold and silver as it existed under the law prior to the passage of the "fraudulent act in 1873." The appeal recommends the reading of the Chicago Silver convention platform at all assemblies; the writing of letters to representatives and senators, and in fact the making of a vigorous campaign against repeal, and concludes, "It is as important now that we free ourselves from the financial domination of Europe as it was for our fathers to free themselves from political domination of a foreign power. Let this movement be the spontaneous action of a free people, conscious that the Government is yet in their hands, and conscious, too, of their rights, and with the will to maintain them."

COCONA CREAM.

Is the latest and best of all toilet creams, to render the skin soft, white and beautiful without injury to it. It is excellent for sunburn and to remove tan and freckles and other blemishes. Every lady should have a bottle and it may be had of Wm. Pinniger, druggist.

"German Syrup"

J. C. Davis, Rector of St. James' Episcopal Church, Eufaula, Ala.: "My son has been badly afflicted with a fearful and threatening cough for several months, and after trying several prescriptions from physicians which failed to relieve him, he has been perfectly restored by the use of two bottles of German Syrup. I can recommend it without hesitation." Chronic severe, deep-seated coughs like this are as severe tests as a remedy can be subjected to. It is for these long-standing cases that Boschee's German Syrup is made a specialty. Many others afflicted with this lad was, will do well to make a note of this.

J. F. Arnold, Montevideo, Minn.: "I always use German Syrup for a cold on the lungs. I have never found an equal to it—far less a superior."

Monuments For the Boundary.
There have recently been received at the Mexican border two carloads of government freight consisting of the new line monuments and other necessities for the work of definitely marking the boundary line between the United States and Mexico. On the old monuments iron plates are to be affixed by means of bolts, on which is inscribed in raised letters: "Repaired by the boundary commission, created by the treaties of 1882-1883. The destruction or displacement of this monument is a misdemeanor or punishable by the United States or Mexico."

The new monuments are of iron, 6 feet high from base to top of square, and 6 feet 6 inches high from base to apex. The shafts are tapering, being about 12 inches square at the base and 10 inches at the top of square, the crown tapering to a point. On one side of the shaft in raised letters is the following: "Boundary of the United States (under which an American eagle appears), treaty of 1883, re-established by treaties 1882-83. The destruction or displacement of this monument is a misdemeanor punishable by the United States or Mexico." These latter monuments will be bolted on the concrete base, 2 feet thick by 8 feet square and placed about two miles and four-tenths apart.—Dallas News.

Wholesale Vaccination.
A few weeks ago the sultan of Turkey had his wives vaccinated. As no female doctor had yet found her way to the Bosphorus there was nothing for it but to admit a medical man to the apartments of the imperial ladies. The devotees of Mohammed need be under no apprehension. The laws of the prophet were not transgressed, nor were the odalisques exposed to the gaze of any other man except their august lord and master. A partition was erected in a room of the palace in which a hole was cut out. Through this hole 167 of the most beautiful arms in the world were thrust forth in succession. There were arms of snowy white and ebony black—in short, arms to suit all tastes—but the doctor, an Italian named Muracci, saw nothing beyond these arms.

The operation was effected in the presence of a crowd of eunuchs, including Manour Ali and Dsely Mar. The latter is a stalwart Abyssinian, who covered the head of the doctor with a black cloth at every change of the arms. Later notices from Constantinople inform us that 13 of the prettiest young ladies have suddenly died from blood poisoning consequent on the above operation.—Nevada Free Press.

BALD HEADS!

What is the condition of yours? Is your hair dry, harsh, brittle? Does it split at the ends? Has it a lifeless appearance? Does it fall out when combed or brushed? Is it full of dandruff? Does your scalp itch? Is it dry or in a heated condition? If these are some of your symptoms be warned in time or you will become bald.

Skookum Root Hair Grower
is what you need. Its production is not an accident, but the result of scientific research. Knowledge of the diseases of the hair and scalp led to the discovery of how to treat them. "Skookum" contains neither minerals nor oils. It is a pure dye, but a delicately cooling and refreshing tonic. By stimulating the follicles, it stops falling hair, cures dandruff and grows hair on bald heads.

Keep the scalp clean, healthy, and free from irritating eruptions, by the use of Skookum Root Hair Grower. It destroys parasitic insects, which feed on the scalp, and keeps the scalp cool and moist. It is a perfect hair restorer, and will grow hair on bald heads. If your druggist cannot supply you send direct to us, and we will forward you a trial bottle of Skookum Root Hair Grower, and a bottle of Skookum Root Hair Dressing, for \$2.50. Send for trial bottle, 14 for \$2.50. Skookum Root Hair Grower Co., 97 South Fifth Avenue, New York, N. Y.

Statistics From the Social Register.

According to the Social Register for August, the number of prominent families of New York, Philadelphia, Boston, Baltimore and Chicago who have gone to Europe is only 55 per cent of what it was at this time a year ago. There is also an increase of 30 per cent in the return arrivals from Europe. This is attributed to the World's fair.

The Register shows that 387 families are summering abroad, 2,848 are residing inland, and 2,163 are at the seashore. Of the families that went inland 397 are in New Jersey between Orange and Morristown, 322 are on the Hudson, 97 are at Lenox and 1,533 in New England, Pennsylvania, Maryland and the west. Of those who are at the seashore, 902 are on the Long Island coast, 313 are at Newport, 330 are on the New England coast between Newport and Bar Harbor, 311 are on the Jersey coast between Seabright and Atlantic City, 191 are at Bar Harbor and 44 are at Narragansett.

Professor Moore's Steam Man.
A steam "man" is the latest American novelty. The inventor, Professor George Moore, made a similar apparatus with partial success a number of years ago, but his present venture is larger and intended to draw a wagon. The figure, 6 feet high, is incased in metal and looks like a knight in medieval armor, with helmet and visor, smoking a cigar. The cigar, however, is an escape pipe, and the plumes of the helmet tell the top of the chimney. The furnace and boiler are contained inside the trunk and the moving mechanism in the rest of the body. The man walks briskly at a pace of four or five miles an hour.

No Comparison.
"Women are cats," snapped Jarley viciously.

"Nonsense," said Dawson. "Did you ever see a woman trying to climb a fence?"—Laughing Life.

HOOD'S CURES when all other preparations fail. It possesses curative power peculiar to itself. Be sure to get Hood's Sarsaparilla.

ward and Outward Debt of Argentina.
The total internal and external debt of Argentina on Dec. 31 last was \$411,595,223 gold and \$46,061,801 currency, of which the interest bearing debt amounted to \$307,399,323 gold and \$14,813,001 currency. The external debt was \$215,557,308 gold, which was increased to \$223,581,092 on the 1st of July. The currency in circulation amounted to \$381,000,000.—Rio News.

Emotional Element in College Sport.
The Boston Transcript makes bold to say that when we read that one "really manly" fellow in the Harvard crew the other day put his head down into his hands after his side had been beaten in the race at New London and booed like a child in the face of all the thousands of spectators we realize that there is a prodigious emotional element in these college sports.

The Pilgrim's Jewelry.
If the new yacht Pilgrim, which was built to defend America's cup, fails to win, it will not be for lack of attention to the regular sea dog superstitions. A ring from Mr. Stewart, a moonstone scarfpin from the captain and various odds and ends have been deposited at the heel of the mast for good luck.

A Cheap Lot of Old Stocks.
At the auction sale, the other day, of the personal property of the late Governor Hale of New Hampshire, stocks having a par value of \$2,700,000 and promissory notes with a face value of \$67,000 were sold to the highest bidder for less than \$1.—New York Tribune.

The most stubborn skin and scalp diseases, the worst forms of scrofula, all blood-taints of every name and nature, are utterly rooted out by Dr. Pierce's Golden Medical Discovery. For every disease caused by a torpid liver or impure blood, it is the only remedy so certain and effective that it can be guaranteed. If it fails to benefit or cure, you have your money back.

Eczema, Tetter, Salt Rheum, Erysipelas, Boils, Carbuncles, Enlarged glands, Tumors and swellings, and every kindred ailment, are completely and permanently cured by it.

PROPOSALS TO PAINT ENGINE HOUSE.
Proposals will be received up to 10 o'clock A. M. Monday, August 31, 1888, for the painting of the engine house of the Nevada State of Nevada, and for the painting of the sides and ends to be given two coats of lead and oil, the roof to be painted with mineral and oil.

The board reserves the right to reject any and all bids.
O. EVANS, Clerk.

FOR SALE!
THE UNDERSIGNED, owing to ill-health, hereby offers his property for sale.

SITUATED ONE MILE
—From the Growing—
TOWN OF WADSWORTH
And for Ranch and Dairy Purposes

One of the Finest Pieces of Property in Nevada.

The Ranch consists of rich bottom land subdivided into meadow and pasture, containing about seven hundred (700) acres, with an inexhaustible supply of wood.

The Buildings consist of one good dwelling house, milk house and cedar shed, and a large barn, together with necessary corrals and outhouses.

The Dairy.—The ranch keeps a dairy of 45 cows and supplies the town of Wadsworth with milk daily.

The Stock.—There will be sold with the ranch the following stock: Two span mated mules, 3 years old, weight 1200 pounds each; eight head of broke mules, 1 and 2 years old (forty-five good milk cows); twenty head of horses, three good wagon horses; two delivery wagons, and one team, together with a full and complete set of ranch tools, etc.

Water Right.—The property has one of the oldest water rights on the Truckee river.

Terms.—For terms and further information apply by letter or in person to

DAN PROCTOR,
Wadsworth, Nev.

SUMMONS.
IN THE DISTRICT COURT OF THE STATE of Nevada, in and for Washoe county, vs. The State of Nevada, and Alexander M. Murray greeting: You are required to appear in an action commenced against you as defendant by the State of Nevada, as plaintiff, in the District Court of the State of Nevada, at Reno, Nevada, on the 17th day of July, A. D. 1888, and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service) if served in said county, but within said district, if served in any other county; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to obtain the judgment and decree of said court that the bonds of matrimony heretofore and now existing between you, said defendant, and the said plaintiff, be dissolved and forever annulled, and the several grounds of extreme cruelty, willful desertion and failure on your part to provide the plaintiff with the common necessities of life, having the ability so to do, and for general relief; all of which will more fully appear from the complaint, which is on file in the office of the clerk of said court, at Reno, in the county of Washoe, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the seal of said court, at Reno, this 17th day of July, A. D. 1888.
